

Protect Your Paths to Privilege™ with Identity-First Security

**20,000+
Customers**

Recognized by Analysts, Chosen by Customers.

BeyondTrust is a Leader in the Gartner® Magic Quadrant™ for PAM for the sixth year running, and also a Customers' Choice in the Gartner® Peer Insights™ "Voice of the Customer: Remote Desktop Software."

"Being lean and agile also means that you are looking at technologies that can give you a single pane of glass. We felt that BeyondTrust brought in a complementary set of products that would give us that visibility."

— CISO, MyVest

The BeyondTrust Pathfinder Platform is uniquely positioned to help transform your identity security.

Our innovative approach goes beyond just securing privileged access to finding, controlling, and protecting paths to privilege, minimizing your identity attack surface and reducing the blast radius of attacks.

Holistic Visibility

Illuminate your paths to privilege

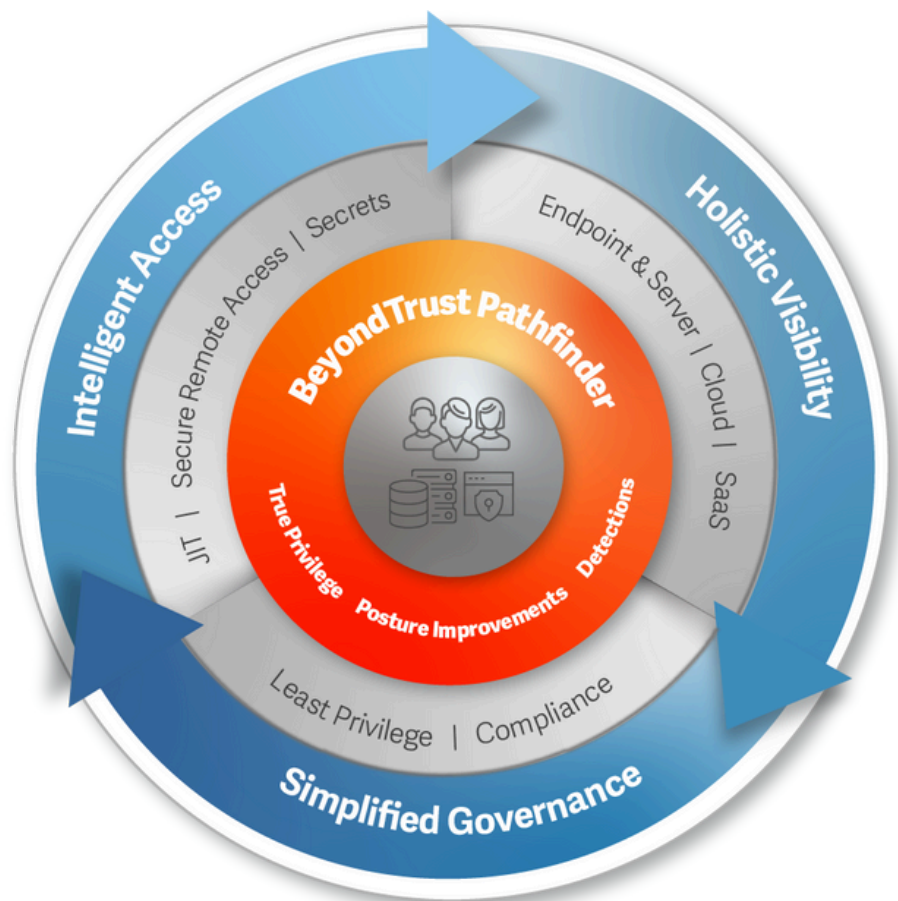

Simplified Management

Accelerate least privilege and gain efficiencies

Intelligent Protection

Continuously improve with AI and machine learning insights
