OPSWAT academy™

OPSWAT Academy Pro Subscription

Unlock the full potential of your OPSWAT products!

Whenever a new solution is introduced into an environment, unforeseen challenges often surface. Effective adoption of new solutions can only be accomplished when facilitated by trained and competent staff.

OPSWAT Academy Professional Course Programs cover basic to advanced management of OPSWAT solutions. Product expertise gained from our training can easily be applied to your specific environment and unique use case, even if they change over time.

Challenges of Managing a New Solution

- **Vulnerability issues** when converting from one security system to another
- Network or site alterations **leaving administrators unprepared**
- Not having **properly trained staff**
- Not being able to **utilize the full potential** of the product
- Inability to **troubleshoot issues**

Your path towards OPSWAT product mastery starts here

- Fully online - No infrastructure requirements
- Learn at your own pace
- Accessible 24/7
- Get certified in days, not months
